IMPORTANT REMINDER: Utility patents issuing on applications filed on or after Dec. 12, 1980 may require payment of maintenance fees. It is patentee's responsibility to ensure timely payment of maintenance fees when due.

DETAILED ACTION

Claims 1-47 are pending in this application.

Action Summary

Any rejections of record that are not repeated below are considered withdrawn.

Statement of Reasons for Allowance

The following is an examiner's statement of reasons for allowance:

The claims are allowable over the cited prior art because the prior art does not teach, disclose nor make obvious a nail varnish composition comprising a cosmetically acceptable medium and at least one film-forming polymer that is soluble in an organic solvent in an amount greater than 90% by weight at 25°C. The closest prior art of de la Poterie teaches a composition comprising a cosmetically acceptable medium and at least one film-forming polymer. However, de la Poterie does not teach that the film-forming polymer is soluble in an organic solvent in an amount greater than 90% by weight at 25°C as demonstrated in the study in ¶¶ 8 and 9 of the declaration as filed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

Claims 1-47 are allowed.
